

# 1. TRUSTING THE BIBLE

## 1. CLAIMS

The Bible claims to be light and truth, revealed and inspired directly by God (2 Timothy 3:16; Psalm 119:105)

## 2. PROPHECY

The Bible contains numerous fulfilled prophecies. These help establish its divinely inspired nature.  
Babylon: (Isaiah 13:19-22)  
Tyre: (Ezekiel 26:3-5)

## 3. UNITY

66 books, 44 authors, 1500 years to write - all united in scope - to reveal Jesus the Saviour

## 4. DURABILITY

Countless attempts to destroy the Bible have failed - today it lives on, more popular than ever

## 5. **ARCHAEOLOGY**

Dead Sea Scrolls, discovered in 1948, date to 150-170BC. They contain most Old Testament Books and are identical to the Bible we read from today. They help confirm the accuracy and reliability of the Bible.

Moabite Stone, Lachish Letters, Rosetta Stone are all archaeological finds that confirm places and events recorded in Bible, once thought to be fictional by historians and archaeologists alike

## 6. **CHANGED LIVES**

The Bible - God's Word - has power to transform hopeless lives into lives full of hope.

It can transform your life too if you let it.
